- WGCV-38 - Sep. 2014, Where?
- ESA/DLR may host one in Europe (TBC)

Dear Satish,

Because I still did not get the clearance paper specified for our group, from Indian government, it will be possible for us to get the Indian visa by this Friday.

As a result, I regret that my colleagues and I have to cancel our trip to India and miss this WGCV meeting.

For the next WGCV meeting in Shanghai, we had completed the paper work for our internal approval procedure, and there will be no problem for us to host this meeting.

Please convey our suggestion for the date of next meeting, May 12-17, 2013.

Best regards,

-Xiaolong
